President's Report 2009

Paul Twomey, President and CEO

Public Forum

2 March 2009

Ciudad de MÉXICO

ICANN NO. 34

1 - 6 march 2009
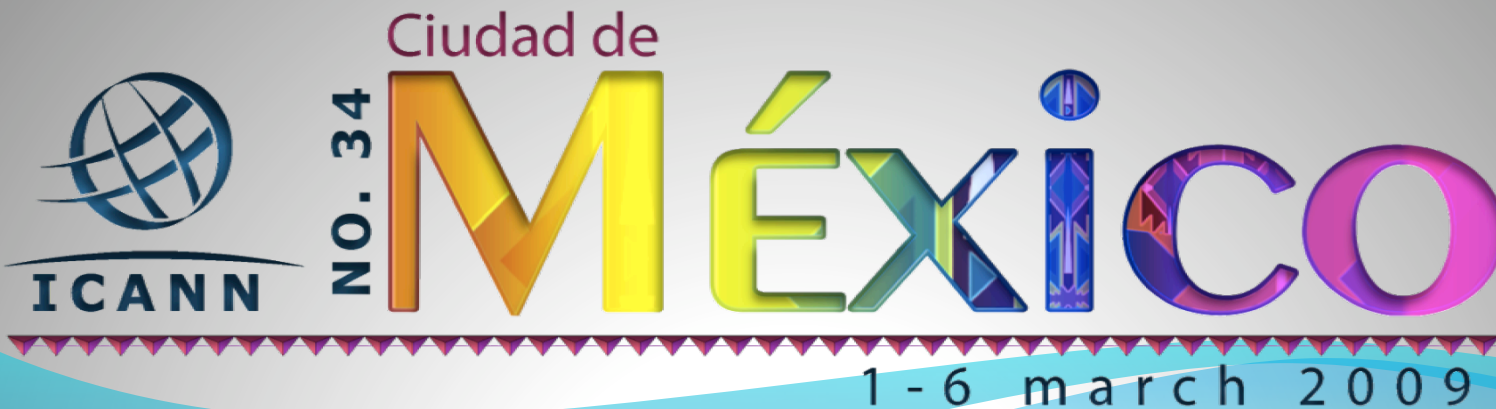

Agenda

- At-Large Summit
- New gTLD Program
- IDN ccTLD Fast Track
- 2010 Operating Plan and Budget
- Improving Institutional Confidence Consultation

- Joint SO/AC Meeting
- DNSSEC
- IANA
- E-crime
- Public Participation
- IPv6
- Contractual Compliance
- Policy Development

At-Large Summit

- At Melía Hotel,
  28 February – 5 March

- First opportunity for At-Large community to meet face-to-face in –

  - 5 working groups on key policy issues

  - 10 thematic sessions/ workshops

- Objectives –

  - Increase community's capacity for involvement

  - Offer opportunity to advise on important issues facing ICANN today

  - Ensure today's 1.5 billion users are represented in the development of Internet policy

http://www.atlarge.icann.org/

3

New gTLD program

- Draft Applicant Guidebook, version 2
  - Analysis of comments from 1st round posted with latest version
  - 2nd public comment period opened 18 February

3 sessions on New gTLD Program
http://mex.icann.org/en/mex/schedule

Explanatory Memoranda

☐ DNS Stability

☐ Independent Objector

☐ Resolving String Contention

☐ Registry-Registrar Separation

☐ Summary of Changes to Base Agreement

http://icann.org/en/announcements/announcement-3-18feb09-en.htm

IDN ccTLD fast track

- Draft Implementation Plan, version 2
  - 2nd public comment period open 18 February
- IDNA protocol revision ongoing
- Module 7 discussion topics
  - Financial contributions
  - Association of IDN ccTLD operators with the ccNSO
  - Contention with existing TLDs and new gTLD applications
  - Evaluation of the fast track process

Explanatory Memoranda

■ Documentation of Responsibility between ICANN and prospective IDN ccTLD managers

■ Development and use of IDN Tables

http://icann.org/en/announcements/announcement-18feb09-en.htm

2010 Operating Plan - Budget

- Framework discussions reflect
  - A growing organization that is attaining operational maturity in many areas
  - Emphasis on limited growth and cost controls in current economy

Framework Topics

- New gTLD implementation and delegation
- IDN Implementation
- IANA and technology operations
- Security, stability, resiliency
- Contractual compliance
- Core meeting logistics
- Constituency support

- Global engagement and increasing international participation
- Ombudsman
- DNS operations
- Support for policy development, Board, Nominating Committee, administration, travel for ICANN community

http://icann.org/en/announcements/announcement-2-17feb09-en.htm

6

Improving Institutional Confidence

- President's Strategy Committee

  - Responded to community's call for more detail

  - Devised several key recommendations

Consultation: *Improving Institutional Confidence*
Wednesday, 4 March, 14:00 – 15:00

- ☐ **Safeguard ICANN against capture**

- ☐ **Ensure ICANN is accountable and responsive to its communities**

- ☐ **Ensure ICANN meets the needs of the future global Internet community**

- ☐ **Make ICANN financially and operationally secure**

- ☐ **Maintain ICANN's focus on safe and stable operation of the Internet's unique identifiers**

http://icann.org/en/jpa/iic/

Joint SO/AC Meeting

- Members of SOs and ACs lead discussions -
  - Presents array of perspectives
  - Feedback session enables community members to offer comments and ask questions

Key issues ☒

☐ Expanding the name space – impact of new gTLD and IDN fast track processes

☐ Improving policy development

Public Meeting:
Joint SO/AC Sessions
Monday, 2 March, 14:00 – 15:30

DNSSEC

- Recent events ⬚
    - ICANN proposal to sign root zone file with DNSSEC
    - US DoC Notice of Inquiry requesting comments on root zone signing
    - SSAC completing DNSSEC status report
    - IANA Interim Trust Anchor Repository

Key issues ⬚

☐ Combined effect of IPv6, DNSSEC and IDNs on DNS infrastructure

☐ Availability of DNSSEC-aware server and client implementations

☐ Integration of DNSSEC features into registration services

Workshop: *DNSSEC*
Wednesday, 4 March, 9:00 – 12:30

http://www.icann.org/en/announcements/announcement-2-09oct08-en.htm

9

IANA

- Created Interim Trust Anchor Repository at request of technical community
  - Tool for early adoptors using DNSSEC
  - Overwhelmingly positive response so far
- Continued improvements in request processing efficiency and productivity

Key issues ☒

☐ Monitoring policy development for insertion of IDN ccTLDs in root zone

☐ New Root Zone Management automated system nearing implementation testing stage

☐ Added AAAA record to the root zone to test IPv6 capability

Workshop: *DNSSEC (includes ITAR)*

Wednesday, 4 March, 9:00 – 12:30

http://itar.iana.org/

10

E-crime

Session topics 🔲

Introduction to e-crime
Moderator: Cheryl Langdon-Orr
Chair, ALAC

Criminal Attacks and Abuse Response Today
Moderator: Greg Rattray, Chief Internet Security Advisor, ICANN

Role of ICANN Stakeholders and Staff in Responding to e-crime
Moderator: Steve Crocker, Chair, SSAC

- Plus presentations on –
  - Introduction to e-crime
  - Sizing and scoping e-crime
  - Case studies in criminal attacks
  - Abuse response today
- Breakout sessions

Meeting: *E-crime and Abuse of the DNS Forum: A Global Perspective*
Wednesday, 4 March, 14:00 🔲 17:30

Public Participation

- New Board Committee on Public Participation
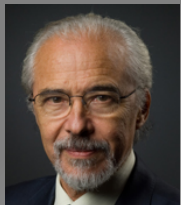

Jean-Jacques Subrenat, Chair

Katim S. Touray

Dennis Jennings

Thomas Narten

Dave Wodelet

Key issues

- ■ Public forums
- ■ Language and participation
- ■ Document deadlines

Meeting:
Public Participation Board Committee Open Session

Wednesday, 4 March, 16:00 – 17:30

IPv6

- Pool of available IPv4 addresses expected to be depleted end of 2011

- Many ISPs are building necessary IPv6 infrastructure

- Many ISPs still face challenges of adopting new protocol

Key issues

■Planning for the convergence with mobile technology and mobile networks

■Planning for the next 1.5 billion users

Workshop: *IPv6*

Wednesday, 4 March, 14:00 – 15:30

Contractual Compliance

- New Whois Data Problem Reporting System – simpler, includes compliance checks
- Enhanced Compliance Program – new hires, ten registrar terminations in 2008
- Semi-annual Compliance Audit Report – updated audit results
- Quarterly Compliance Newsletter

InterNIC
